DETAILED ACTION

Applicant's arguments filed 12/28/10 have been fully considered but they are not persuasive. The Amendment and the Response submitted by Applicant do not overcome the rejection made by examiner in the last Office action .

Claims 1,2 and 4-9 with the combination of formulae (2a) and (2b) as the claimed elected specie are rejected under 35 U.S.C. 102(b) as anticipated by or, in the alternative, under 35 U.S.C. 103(a) as obvious over WO 00/15691 or WO 02/25764 or Iwasaki et al (5985477).

The rejection is maintained for the reasons as stated in the last Office action and for the following reasons:

Applicant's arguments are based on the claimed product, a direct methanol type fuel cell in that the methanol is not mentioned in the claims.

Note that the references do disclose the claimed requirement, including the claimed elected specie. Therefore, the claimed formula $1 > R >$ or equal 0.15 must be considered inherent in the prior art unless Applicant calculate and show that the equation does not work for those specie in the references. But remember that the references do disclose the formulae which are read on the claimed elected specie.

Further, claim 1 does not disclose the methanol in the claimed fuel cell, so are references.

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
